

## Weill Cornell in the News

*The work and achievements of Weill Cornell faculty and students are frequently featured in the news. Below is a listing of the broadcast, print, and online media – in alpha order by media outlet – that reference their accomplishments. The listing incorporates information from Oct. 11 through Nov. 12.*

### BROADCAST MEDIA

<b>ABC Good Morning America</b>	Dr. Paul Kligfield	Effect of automobile traffic on cardiac health
<b>ABC Good Morning America</b>	Dr. Rache Simmons	Commentary about the causes, detection, treatment options, and prognosis for breast cancer patients (engendered by diagnosis of John Edwards' wife, Elizabeth, with breast cancer)
<b>ABC News One</b>	Dr. Eleni Tousimis	Commentary about the causes, detection, treatment options, and prognosis for breast cancer patients (engendered by diagnosis of John Edwards' wife, Elizabeth, with breast cancer)
<b>ABC World News Sunday Fox-5 NBC Nightly News MSNBC WABC-TV</b>	Dr. Nathaniel Hupert	Flu vaccine shortage and tips on avoiding the flu
<b>ABC Oprah</b>	Dr. Gail Saltz	Cheating husbands
<b>BBC</b>	Dr. Craig Basson	embryonic stem cells correct congenital heart defects in an animal model (Dr. Basson's study in Oct. 8 <i>Science</i> )
<b>Business Week Money Talks (syndicated TV)</b>	Dr. Keith LaScalea	Flu vaccine shortage

<b>CanWest (Canada)</b>	Dr. Kutluk Oktay	Fertility preservation techniques for women with cancer (Presentation at American Society for Reproductive Medicine—ASRM—meeting)
<b>CBC Radio (Canada)</b>	Dr. Owen Davis	Recent American Society for Reproductive Medicine (ASRM) meeting: multiple-births issue; how to produce a single embryo
<b>CBS Early Show</b>	Dr. Alan Manevitz	Defining and treating claustrophobia
<b>CBS Early Show</b>	Dr. Arthur Spielman	Change of seasons and daylight-saving time can affect sleep
<b>CBS Evening News</b>	Dr. Joseph Fins	Ethics of Internet medicine (engendered by Colorado case involving Web site used to match kidney donors and recipients)
<b>CBS Radio Network</b>	Dr. James Hurley	Thyroid cancer (engendered by condition of Chief Justice William Rehnquist)
<b>CHQR Radio (Canada)</b>	Dr. Kutluk Oktay	Ovarian tissue transplant (Drs. Oktay and Zev Rosenwaks' study in March 9 <i>Lancet</i> ; engendered by press release)
<b>CNBC Kudlow &amp; Kramer</b>	Dr. Philip Stieg	Potential benefit of tort reform for health care (live interview)
<b>CNN</b>	Dr. JoAnn Difede	Virtual-reality exposure therapy for PTSD and phobias/fears (engendered by press release)
<b>CNN/fn</b>	Dr. Eleni Tousimis	Male breast cancer
<b>Fox-5</b>	N.A.	Halloween party at Children's Hospital of New York-Presbyterian/Weill Cornell, whose decorations and crafts were donated by Martha Stewart Living Omnimedia Inc.
<b>Fox-5</b>	Dr. Mark Souweidane	Endoscopic surgery to treat hydrocephalus

<b>Fox-5</b>	Dr. Eleni Tousimis	male breast cancer
<b>Fox News</b>	Dr. Isadore Rosenfeld	Elizabeth Edwards' breast cancer diagnosis
<b>Fox News</b>	Dr. Isadore Rosenfeld	Dr. Rosenfeld answers health questions in weekly Sunday "House Calls" segment
<b>Fox News</b>	Dr. Isadore Rosenfeld	Ways to cope with the flu vaccine shortage
<b>MSNBC</b>	Dr. Ira Jacobson	WIN-R study showing that a weight-based dose of REBETOL® (ribavirin, USP), in combination with PEG-INTRON® (peginterferon alfa-2b), was effective in African-American patients with the most-difficult-to-treat form of hepatitis C. WIN-R is the largest prospective study of hepatitis C to date.
<b>NBC Dateline</b>	Dr. Zev Rosenwaks	News of the birth of twins by a 57-year-old New York City woman
<b>NBC For Your Health</b>	Dr. Wallace Carter	Ways to prevent catching the flu this winter season
<b>NBC Nightly News ABC News CBS Early Show WCBS-TV VNR (Video News Release)</b>	Dr. Louis Aronne	Results from a clinical trial of the weight-loss drug Accomplia
<b>NBC Today Show</b>	Dr. Ted Schwartz	Alleged link between mobile phone use and brain tumors (live interview)
<b>NBC Today Show</b>	Dr. Gail Saltz	Curing children's boredom
<b>NBC Your Total Health</b>	Dr. Neil Sadick Dr. Robert Grant	Botox
<b>NBC Your Total Health</b>	Dr. John Leonard	Symptoms of lymphoma

<b>NPR "Science Friday"</b> <b>UPI</b>	Dr. Carl Nathan	New initiatives needed to address crisis of antibiotic resistance (Dr. Nathan's commentary in Oct. 21 <i>Nature</i> ; engendered by press release)
<b>NY1</b> <b>WABC-TV</b> <b>WNBC-TV</b> <b>WCBS-TV</b> <b>Fox-5</b> <b>UPN-9</b> <b>WB-11</b> <b>Channel 41-Telemundo</b> <b>Channel 47-Univision</b> <b>(national)</b> <b>1010 WINS</b>	Dr. Mark Souweidane Dr. Bruce Greenwald Dr. Jennifer DiPace Dr. Joy Howell	On Monday, Nov. 8, 12-year-old Angel Reyes was released from Children's Hospital of New York-Presbyterian/Weill Cornell, following a dramatic recovery from life-threatening trauma sustained in a car accident. After receiving emergency care from New York Hospital Queens, a member of the New York-Presbyterian Healthcare System, the critically ill boy was transferred to Weill Cornell's Emergency Department. At a press conference, members of his medical team joined Angel and his family to describe his treatment. The boy's mother thanked the Hospital, saying, "The care that they gave Angel is what helped save his life...it was absolutely extraordinary."
<b>NY1</b>	Dr. Tim Wilkin	Microbicides prevent spread of HIV (re-broadcast)
<b>NY1</b> <b>WNYC-FM</b>	Dr. Neal Flomenbaum	Health effects of carbon monoxide, in the context of a new law requiring carbon-monoxide detectors in New York City buildings
<b>NY1</b>	Dr. Craig Kent	Increase of vascular procedures in the U.S.
<b>NY1</b>	Dr. Barbara Bartlik	"Cuddle parties," a new phenomenon where strangers get together and cuddle
<b>NY1</b>	Dr. Barbara Hempstead	Protein mBDNF makes long-term memory possible (Dr. Hempstead and Dr. Bai Lu's article in Oct. 15 <i>Science</i> ; engendered by press release)

<b>NY1</b>	Dr. Philip Stieg	Following the death of actor and activist Christopher Reeve, numerous media outlets sought commentary from our experts. Issues discussed included the cause of Mr. Reeve's death, his impact on the public's understanding of paralysis, and current research to treat victims of spinal cord injury.
<b>Public Radio International "Skin Revealed"</b>	Dr. Richard Granstein Dr. John Carucci Dr. Diane Berson	Latest advances in dermatology
<b>Telemundo</b>	Dr. Isaac Kligman	News of the birth of twins by a 57-year-old New York City woman
<b>VHA-TV (educational video)</b>	Dr. Richard Roberts	Antimicrobial resistance in hospital and community settings
<b>WABC-TV</b>	Dr. Nathaniel Hupert	Flu vaccine
<b>WABC-TV</b>	Dr. Maura Frank	Flu vaccine shortage and tips on avoiding the flu
<b>WABC-TV</b>	Dr. Zev Rosenwaks	On Wednesday, Oct. 13, 400 patients and their children joined physicians and staff from New York-Presbyterian/Weill Cornell's Center for Reproductive Medicine and Infertility (CRMI) to celebrate the 10,000 <sup>th</sup> baby successfully conceived through in vitro fertilization since the founding of the Center in 1989. CRMI is one of the few centers worldwide to achieve such a milestone.
<b>WB-11</b>	Dr. Margaret Altemus	Comment on Yale <i>Science</i> study finding stress triggers brain enzyme that impairs short-term memory
<b>WCBS-AM 880</b>	Dr. Alan Manevitz	Citywide depression after Yankee pennant loss

<b>WCBS-AM 880</b>	Dr. Gail Saltz	Sex and happiness
<b>WCBS-TV</b>	Dr. Mark Pochapin	Young women and colon cancer
<b>Wall Street Journal This Morning (Syndicated radio)</b>	Dr. Arthur Spielman	Lack of sleep leads to stress
<b>WCBS Radio</b>	Dr. Gail Saltz	This year's Women's Health Symposium, entitled "Stress: Rx Part II—Sex, Mood and the Brain," to benefit the Iris Cantor Women's Health Center
<b>WMCA-Radio (570 AM)</b>	Dr. Timothy Wilkin	HIV in the U.S.
<b>WNBC-TV</b>	Dr. Mark Pochapin	Health-care policy
<b>WNBC-TV</b>	Dr. Lewis Drusin	Flu vaccine shortage and tips on avoiding the flu
<b>WNYC-Radio (93.9 FM)</b>	Dr. Mark Lachs	Prevalence and treatment of elder abuse (Dr. Lachs and Dr. Karl Pillemer's review article in Oct. 2 <i>Lancet</i> ; engendered by press release)
<b>WRTN Radio (93.5 FM) (Medicine for the Millennium)</b>	Dr. Roger Hartl	FDA's approval of Charite artificial disk
<b>Your Total Health (syndicated TV)</b>	Dr. Wallace Carter	Flu vaccine shortage

## **PRINT MEDIA**

<b>Associated Press</b>	Dr. Allan Gibofsky	FDA Arthritis Committee's forthcoming review of Bextra and other COX-2 inhibitors
<b>Associated Press</b>	Dr. Kutluk Oktay	Fertility preservation techniques for women with cancer (Presentation at American Society for Reproductive Medicine—ASRM—meeting)

<b>Avenue</b>	Dr. Zev Rosenwaks	2004 "Cabaret" listed in <i>Avenue's</i> social calendar
<b>Avenue New York Resident</b>	Dr. Antonio Gotto Dr. Herbert Pardes Dr. Zev Rosenwaks Dr. Frank Chervenak	NYPH/Weill Cornell's Center for Reproductive Medicine and Infertility (CRMI) celebrates its 10,000 <sup>th</sup> IVF baby (engendered by press release)
<b>BioWorld</b>	Dr. Craig Basson	Embryonic stem cells correct congenital heart defects in an animal model (Drs. Basson and Robert Benezra's study in Oct. 8 <i>Science</i> ; engendered by press release)
<b>BioWorld Today</b>	Dr. Craig Basson	Genetic mutation responsible for heart tumors and limb deformity (Dr. Basson's study in July 29 <i>NEJM</i> ; engendered by press release)
<b>BioWorld Today</b>	Dr. Ronald Crystal	New gene therapy strategy corrects Hyper IgM X-linked immunodeficiency disorder in animal model (Dr. Crystal's study in July 25 <i>Nature Medicine</i> ; engendered by press release)
<b>BioWorld Today</b>	Dr. Costantino Iadecola	Role of prostanoids in COX-2-related neurotoxicity resulting from brain injury and stroke (Dr. Iadecola's study in May <i>Annals of Neurology</i> )
<b>Charlotte Observer (North Carolina)</b>	Dr. Holly Atkinson	Lecture/presentation in Charlotte
